#### **Option 2: Abu Simbel Tour**

An early morning transfer from the cruise boat to Abu Simbel Airport. Depart on EgyptAir to Abu Simbel. On arrival be met by a local Egyptologist and join a small group tour to one of the most impressive archaeological sites in all of Egypt, not only for its historical significance, but for the great engineering success in moving these temples to their present location. Of all the temples of Egyptian antiquity, amongst the most spectacular and best preserved are the Temples of Abu Simbel. The master builder was Ramses II, one of Egypt's greatest Pharaohs. The larger temple celebrates the Pharaoh himself while the smaller one honours his wife, Queen Nefertari. When the new Lake Nasser Dam was built in the 1960s, the temples were moved to save them from a watery grave. In an amazing feat of engineering, the temples were hewn into huge blocks of thirty tonnes each and relocated 180m further inland. Please wear sturdy footwear today, pack some snacks and water bottle. At the conclusion of your tour, transfer to Abu Simbel Airport, for your flight to Aswan, connecting to Cairo.

This afternoon transfer to Aswan Airport and fly to Cairo. On arrival our Cairo Airport team will meet and assist. Transfer to hotel. Dinner this evening is at our hotel overlooking the Nile River and the sparkling city lights.
